ALLIANCE OF POWERS

Remarkable News Has Been Received in London.

RUSSIA AND TURKEY UNITED.

Treaty Signed Between the Two Governments to Mutually Assist One Another in Case of Internal Danger—France May Also Have Joined the Alliance and All Foreign Aggression Will Be Resisted.

LONDON, Jan. 24.—A dispatch to The Pall Mall Gazette from Constantinople says that an offensive and defensive alliance has been concluded between Russia and Turkey. The dispatch adds that the treaty was signed at Constantinople and that the ratifications were exchanged at St. Petersburg between Aarej Pasha and the czar. The basis of the treaty is declared to be on the lines of Unkiarskelessi agreement of 1833.

M. Cambon, French ambassador to Turkey, had an audience with the sultan on Jan. 21 which lasted two hours. This tends to show that France is in all probability a member of the alliance.

The Unkiarskelessi agreement, which the new treaty follows, dates back to 1833, and amounts to a reduction of Turkey to the position of a vassal state. The treaty bound the Russian and Turkish governments to mutually assist one another to resist foreign aggression and to help each other in case of internal dangers. As Turkey was at the time of the conclusion of the agreement in a state of utter collapse, Russia waived the matter of assistance promised by Turkey, and received, instead, permission in the event of Russia's being at war, to close the Dardanelles to warships of all nations. The western powers refused to recognize the treaty, which was soon tacitly abandoned.

Commenting on the dispatch from Constantinople The Pall Mall Gazette says: "We regard the news as true and the result of the treaty is that the Dardanelles is the southern outpost of Russia and Turkey is Russia's vassal."

"We presume the British government will protest against the treaty for all it is worth. The information is plainly of the very gravest importance. The first intimation reached us four days ago, but we withheld it until the arrival of strong confirmation, which we have received."

"This brings Russia into the Mediterranean with a vengeance, and may necessitate the strengthening of our fleet in those waters. Politically, the effect will be far greater. The treaty means that Turkey has realized her own impotence against disorders both within and without, and has decided to throw herself for safety into the arms of Russia. She is now Russia's vassal, and Russia is entitled to dispatch troops to any part of the sultan's dominions."

The officials of the foreign office when questioned on the subject said they had no information regarding the statement telegraphed to The Pall Mall Gazette from Constantinople saying that an offensive and defensive alliance between Russia and Turkey had been formed by a treaty recently signed there and ratified at St. Petersburg later.

AS VIEWED IN WASHINGTON.

Opinions Expressed by Members of the Committee on Foreign Relations.

WASHINGTON, Jan. 24.—The dispatch from London announcing that a treaty providing for an offensive and defensive alliance had been concluded between Russia and Turkey was read with great surprise by members of the house committee on foreign affairs. Mr. Hitt was inclined to doubt the news. He said, however, that if Russia had signed such a treaty she must have done so with full knowledge of all the consequences that must follow. The treaty of Berlin, which rescinded the Russo-Turkish treaty of San Stephano, was designed particularly to prevent such an alliance as the Pall Mall Gazette outlined this to preserve the balance of power of Europe. For Russia to trample on that treaty must provoke the gravest imaginable consequences.

Senator Davis expressed the sentiments of a majority of the committee when he said: "If true, this is the most important diplomatic event which has occurred in the past 50 years. It means that Russia can move her armies across the Turkish border. Such a treaty would result in the immediate settlement of the Armenian question, and if France has also entered into the alliance, as appears probable, the result will be that the fleet of those two countries will virtually control the Mediterranean, and that means more than any one can now foresee. It also means that England will have something to do besides bullying Uncle Sam."

Senators Morgan, Lodge and Cullom read the report eagerly, and all remarked upon the vast importance of the news if it should prove true. Mr. Lodge said that a coalition between Russia and Turkey such as that indicated would mean that England would have her hands full of business on her own continent without interfering in American affairs.

Mr. Draper of Massachusetts said that in his recent trip abroad the prevailing opinion against Great Britain because of what the other powers regarded as her land grabbing policy was everywhere so strongly manifested that no coalition which left her out could be entirely a surprise.

Senator Vilas, who, while not a member of the committee on foreign relations, takes great interest in foreign questions, remarked that it looked as if Russia had at last succeeded in getting a foothold on the Mediterranean and

was on the eve of virtually annexing Turkey to her dominions. He confessed that his sympathies had always been with Russia in this struggle.

Mr. Quigg doubted whether Turkey would take part in an alliance against England, for he believed that England had practically connived at the oppression of the Armenians.

The French ambassador was seen, but said he had no news on the subject, and apparently was disinclined to credit The Pall Mall Gazette's statement. Other diplomats said they were also without news.

The Report Denied.

LONDON, Jan. 24.—Dispatches to The Daily Telegraph from Vienna and Paris deny the report printed in the Pall Mall Gazette of an offensive and defensive alliance between Russia and Turkey.

NATURALIZED ARMENIANS.

Their Rights in Turkey Explained by Secretary Olney.

WASHINGTON, Jan. 24.—The president has sent to the senate a reply to the senate resolution relative to rights of American citizens of Armenian birth, who are allowed to visit Turkey and whose passports are recognized. In a letter to the president the secretary of state says that the papers of recent years show that the Turkish government claims the right to exclude from the Ottoman territory such naturalized citizens.

The right is claimed as a prerogative of sovereignty. Its enforcement has not been opposed nor has any remonstrance been made save in case of arrest or proceedings on grounds of their having become citizens of the United States without imperial permission. Passports of such people are recognized, but the recognition does not prevent the exercise of the right of exclusion or expulsion.

The secretary says that although no treaty of naturalization exists between the United States and Turkey regulating this point, no instance has yet been pressed by the Turkish government in assertion of a right to treat the individual as a Turkish subject or to punish him for the alleged offense of becoming a citizen of a foreign state without permission.

The second branch of the senate inquiry asked whether families of naturalized citizens are permitted to leave Turkey and come to the United States, and upon this point the secretary says that the naturalization laws can not operate by indirection or by executive interpretation to make a citizen of a person who has never been within the jurisdiction of the United States.

The Turkish government has on several occasions permitted the emigration of such families, but it has also asserted discretionary power in the premises and refused such emigration. The good offices of the United States minister have formally been exerted on all proper occasions to assist the emigration of such persons.

POOR MARKSMEN.

Spanish Soldiers Kill More Onlookers Than Insurgents.

HAVANA, Jan. 24.—In an engagement with the civil guards at Salanilla, Matanzas, the insurgents sustained a loss of 17 killed. Three ladies whose home was near the scene of the battle were killed by stray bullets and 15 men suffered a similar fate.

The village of Salud, in Havana province, which lately rose in the insurgent cause is reported to have surrendered.

Maximo Gomez is reported at Guara in Havana province.

The insurgents have burned the wharfs and the depots a Bailen and Sabalo, Pinar del Rio.

The insurgents under Olive and Julian Cruz, it is reported, have plundered 11 stores at Punta de la Sierra, Pinar del Rio. They kidnaped Perfecto Diaz and he was ransomed for \$50.

The gunboat Maria Cristina has taken part in several actions, firing numerous cannon shots at insurgent bands.

The insurgents have effected a junction of bands at Cayo Redondo.

The wharves and depots at Rio Blanco were burned.

At Catalina, in the Remedios district, the railroad station has been burned.

The civil guard surprised a band of 40 insurgents at Cervantes, Matanzas, and captured 10, two leaders being among them.

PEOPLE'S PARTY CALL.

Delegates to Be Selected to the National Convention in St. Louis.

TERRE HAUTE, Ind., Jan. 24.—The following is a synopsis of the call of the People's party for the national convention which is to meet in St. Louis on July 23:

The members of the People's party and all others who favor its principles are invited to assemble in their various state and territories and choose delegates to the national convention at such time and place as the state committee in each shall determine. Each state is given one delegate for each senator and congressman and one additional delegate for each 2,000 votes cast for the Populist candidates in 1892, 1894 or 1895, the highest vote controlling.

The convention is for the purpose of adopting a platform and nominating candidates for president and vice president. The call is signed by H. E. Taubeneck, chairman; J. H. Turner, secretary; L. J. McPharlin, secretary, and M. C. Rankin, treasurer.

Chairman Taubeneck received a message yesterday from Washington stating the advocates of free silver coinage had decided to hold their national convention in St. Louis, July 23.

KRUGER'S PROMISE.

Americans Will Not Be Discriminated Against.

HAMMOND'S APPEAL ANSWERED.

The American Prisoners Will Be Treated Precisely as Those of Other Nationality Without Fear or Favor—The State Department Has Done Everything Possible For the Imprisoned Men.

NEW YORK, Jan. 24.—The Journal prints the following cablegram from President Kruger of the Transvaal republic in reply to a request for information as to the Americans now imprisoned in Pretoria for alleged participation in the recent uprising of the uitlanders:

"Everything quiet at present. Americans are in no danger whatever. They enjoy full protection of the law like any other foreigners, therefore there is no need of protection from the outside against any illegal or revolutionary movements. Even if such protection against revolutionists were necessary, which is not so, the Americans are capable of taking care of themselves."

"The government regrets deeply that whilst almost all the Americans took the side of order and law, a very few of them have joined the revolutionary, so-called, reform committee. These, together with a majority, mostly British, will be tried according to law, and justice will be done all concerned, without respect of nationality."

HAMMOND'S APPEAL ANSWERED.

The State Department Has Done Everything Possible For Him.

WASHINGTON, Jan. 24.—In response to an inquiry from Secretary Olney as to the measures taken to protect the Americans arrested in the Transvaal in connection with the late uprising, Ambassador Bayard has cabled that according to his present information, uniform, humane and indulgent personal treatment is being extended to all persons, including Americans, by the Boer government.

This information has been communicated to members of the California delegation in congress, who are being flooded with telegrams urging them to have the state department do something for the relief of Hammond, the American mining engineer, imprisoned as one of the ringleaders of the attempt at revolution in Johannesburg. It is taken to mean that the American prisoners will be treated precisely as those of other nationality, without fear or favor.

RATES TO THE G. A. R. ENCAMPMENT

The Western Passenger Association Given One More Chance.

CHICAGO, Jan. 24.—Commander Walker and the executive committee of the G. A. R. met yesterday to consider the attitude of the roads in the Western Passenger association in refusing to grant a 30-day limit on tickets to the annual encampment at St. Paul. It was definitely decided that if the roads refuse the extension, the encampment will not be held in St. Paul, but before selecting another city it was decided to make another effort to gain the desired concession.

An appeal was made to Chairman Caldwell of the Western Passenger association to call a special meeting for the purpose of reconsidering the matter.

The chairman promptly sent out a circular to the roads and will call the meeting if two or more roads express a desire that he should do so. Under the association agreement, he can not call a meeting unless requested by at least two roads.

If the meeting is not called, the executive committee will remove the encampment, in all probability to Buffalo.

FIRE IN A SCHOOL BUILDING.

Five Hundred Children Marched Out and None of Them Injured.

OMAHA, Jan. 24.—A fire in the 3-story Dodge street school building, in which 500 children were reciting yesterday afternoon, created a panic. Several children fainted, though all escaped without any serious injury. The blaze was of minor importance.

That a catastrophe of great magnitude was averted is due to the heroic conduct of Offie Downs, a 14-year-old boy, whose duty it is to be at the drum which keeps the scholars in line in emergencies. As soon as the alarm was given he hurried down to the principal's office, got his drum, and stationing himself near the door pounded out the tune, while the children marched away. Hundreds started with a rush until the drum started. The fire department responded quickly and the blaze had full sway when it arrived, although the teachers had varied their duties by carrying pails of water and attempting to quench the blaze.

IGNORED THE LAWS.

Fayetteville, Tennessee, Ruled by a Vigilance Committee.

NASHVILLE, Jan. 24.—In Fayetteville, Tenn., a vigilance committee has been formed with the ostensible purpose of putting an end to burglaries, house breaking and similar crimes and the vigilance committee gives notice of its purpose in the local papers.

Last night two negro men and one woman in Fayetteville were soundly whipped by men supposed to belong to the committee and ordered to leave

town. The victims are very disreputable characters.

The committee has also given public notice that hereafter all men and boys shall leave the public square at 10 o'clock at night and if caught out after 11 o'clock will be summarily dealt with.

IN CONGRESS.

Three Subjects Discussed in the Senate and the House Adopts Rules.

WASHINGTON, Jan. 24.—The three subjects most prominently before the public—the Monroe doctrine, finance and tariff—each came in for consideration in the senate yesterday, Mr. Daniel of Virginia speaking for two hours in support of a vigorous upholding of the Monroe doctrine as applicable to Venezuela, Mr. Dubois of Idaho dealing with the silver phase of the financial question and Mr. Warren of Wyoming pointing out the disastrous effects of the tariff legislation of the last congress on farm products in general and on wool in particular. Aside from these speeches, the day developed little of importance.

The president submitted during the day the report of the secretary of state concerning the treatment of American citizens in Turkey.

Mr. Jones of Arkansas sought to secure unanimous consent for a vote on the pending bond silver bill next Thursday, but at the request of senators withdrew his request.

The house resumed the consideration of the rules and disposed of the last amendment offered by the committee. It is substituted for the quorum counting the rule of the Fifty-first congress, the method of compelling the attendance of a quorum proposed in the Forty-sixth congress by J. Randolph Tucker with some modifications.

SHOT DOWN IN COURT.

The Fatal Bullet Intended For Another Kills the Peacemaker.

WAUKEGAN, Ills., Jan. 24.—Daniel Core shot and killed John Dillon in Justice Shattuck's court. Core had intended to kill his enemy, Joseph Backer, but as he fired the shot Dillon jumped between them and received the fatal bullet in his left breast. All three men were farmers living near Half Day. Core and Backer owned land adjoining and had long had trouble about the fences.

Core was at once disarmed and taken back to jail, saying he regretted having killed the wrong man. A coroner's inquest was held at once, and Core was held to the grand jury, which meets in March. Dillon, who was killed, was a bachelor, aged 50 years. The occurrence was so unusual that it caused great excitement here, and at first there was talk of lynching. The authorities are blamed for their carelessness in allowing him to go unsearched.

Fitzgerald's Big Boom.

ATLANTA, Jan. 24.—General J. A. Fitzgerald, manager of the Grand Army colony in south Georgia, has closed a deal with the Georgia and Alabama railroad, transferring the Abbeville and Way Cross railway to that company. Four hundred men will complete the road to Fitzgerald within 10 days. A large force is already working on a line from Tifton and that road will reach Fitzgerald within a few days. This will give the new colony two new railroads. There are 7,000 people, seven hotels and a bank at Fitzgerald.

Was Nemesis at the Fuse?

CHAMPAIGN, Ills., Jan. 24.—William Cousins, a farm hand, was fatally injured in the timber near here while attempting to discharge a blast of dynamite. The explosion hurled him 35 feet. He was sent to the penitentiary for life from here 25 years ago on the charge of having murdered a boy whom he met hunting in the woods. Governor Altgeld pardoned him last fall. It is a peculiar fact that the accident which will cost his life occurred within 100 feet of where the murder of the boy was committed.

Set His Wife on Fire.

TRENTON, Jan. 24.—James Collins of this city was arrested on the charge of throwing kerosene on his wife's clothing and then setting her on fire. His wife is in St. Francis' hospital in a precarious condition and Collins is held pending the results of her injuries. Mrs. Collins ran from her home with her clothing ablaze. She said her husband had set her on fire. Collins is a woolmaker and does not bear a good reputation.

Big Ships Racing.

NEW YORK, Jan. 24.—The China ships Clarence S. Bement, Captain Franck, and William H. Colnor, Captain Pendleton, crossed the bar together last night, outward bound. The John Carrier, Captain Lawrence, and the Josephus, Captain Gilkey, left later for the same port, Shanghai. The ship that first reaches her destination will win a purse of \$400, which the captains have made up.

Discharged Unionists.

COLUMBUS, O., Jan. 24.—The president of the local Federation of Labor says Samuel Gompers, president of the national federation, is coming here to act on the discharge of 17 men who formed a labor union. The Ohio law fixes a penalty for this. The firm admits the cause of the discharge to be as stated. This will be the first important test of the law. The discharge occurred Jan. 20.

Madagascar Belongs to France.

PARIS, Jan. 24.—It has just been announced that by the terms of a treaty signed Jan. 18 the island of Madagascar is declared a French possession.

LIQUOR LITIGATION.

A New Phase Developed at Shelbyville.

BOTH FACTIONS DETERMINED.

Two Saloonkeepers Fined and Committed on Refusal to Pay—They Will Now Sue For False Imprisonment. A County Treasurer Resigns—His Shortage Made Good—Other Indiana News.

SHELBYVILLE, Ind., Jan. 24.—A new phase has developed in the liquor cases. Andrew J. Raymond, operating under a government license, was fined in two cases, \$5 each, which he paid. Gilbert Phillips and James Whitcomb, charged with selling on Sunday, two cases each, were fined \$20 and costs in the first case and \$40 and costs in the second.

On the first they took an appeal, and on the second, acting under the advice of their attorney, they refused to pay, stay or appeal, and were committed to jail by order of Mayor Enos. The supposition is that they propose suing for damages for false imprisonment. The law and order people have retained T. B. Adams to look after this new phase of the situation.

COUNTY TREASURER RESIGNS.

The Retirement Due to a Shortage in His Accounts.

MARION, Ind., Jan. 24.—William E. Heal, the Grant county treasurer, has handed in his resignation to the county commissioners. His shortage was discovered in December last, but the bondsmen endeavored to retain him in office in order to apply his salary and fees on the delinquency.

The press and people objected so vigorously, however, that he was compelled to resign. The shortage is placed at \$14,000, and the amount has been made good by his bondsmen.

The resignation will be quite a relief to the several candidates for nomination on the Republican ticket, the convention and campaign being near at hand, and as long as Mr. Heal remained in office the candidates were more or less prevented from taking action.

Alleged Irregularities.

PORTLAND, Ind., Jan. 24.—The petition of Susan Mosler, on which a receiver has been appointed for the Montpelier sheet and tinplate works, under a bond of \$200,000, contains some important allegations. The petition says that the company is capitalized at \$2,000,000 and that only \$60,000 has been paid up; that the total assets are \$90,000. The complaint charges that the company owes \$90,000 secured by mortgages and that it has no credit. The officers are also alleged to have received exorbitant salaries.

Tragedy in a Box Car.

SOUTH BEND, Ind., Jan. 24.—George Johnson, aged 52, of Rochester, is at the Epworth hospital here badly wounded in the neck, and Thomas Henry of Brooklyn and Patrick Rogan of Plymouth, Ind., are in custody. The former is charged with attempting to rob and murder Johnson, and the latter as a witness. Johnson identified both men. The tragedy occurred in a Lake Shore and Michigan Southern box car west of South Bend.

Killed in a Singular Way.

COVINGTON, Ind., Jan. 24.—W. M. Kirk of Attica engaged in peddling sewing machines, met with death here in a peculiar manner. He was found with his feet still in the buggy, while his head and shoulders were hanging downward between the shafts and front wheel, the body so tightly wedged that the wheel was blocked. His money and watch had not been disturbed. Kirk was 47 years old and a man of family.

Won't Interfere.

ANDERSON, Ind., Jan. 24.—Assistant Secretary of State Griffie of Kentucky sends the following to Judge Ellison of the circuit court: "The governor declines to interfere in behalf of Frank Rich, as recommended by yourself and others." Rich is the fellow who was recently returned to Kentucky prison by his alleged friend, A. J. Cardwell, who turned out to be a detective.

Pursued a Horsethief Twenty Miles.

HUNTINGTON, Ind., Jan. 24.—A thief stole William Crocepek's team of fine horses, and Crocepek at once secured a rig and started in pursuit. After an exciting chase of 20 miles he came in sight of the team, but the thief abandoned the stolen property and escaped. Crocepek's horses had been driven so hard that one is dead and the other will die.

Badly Hurt by a Fall.

WINCHESTER, Ind., Jan. 24.—Estee Chamness, 16 years old, daughter of David Chamness, a prosperous farmer, near this city, fell on the icy streets here, striking her head. She suffered concussion of the brain, and there is fear she will not recover.

LONDON, Jan. 24.—A Berlin dispatch to The Standard says: A violent dispute occurred in the reichstag between Dr. Theodore Barth and Count Von Kardorff yesterday. The former declared that it was inopportune to offend England and hinted at the existence of paid bimetallic agents, whereupon Count Von Kardorff shouted "infamous liar." The house was much agitated and there is talk of a duel between Dr. Barth and Count Von Kardorff.

INDICATIONS—Clearing weather, preceded by snow; colder, winds becoming north-west.

It appears from Governor Campbell's charges and from subsequent developments that many of the Republicans who served in the last Ohio Legislature regarded "public office as a private snap."

Oh no, Governor Campbell didn't know what he was talking about during the campaign in Ohio last fall. Aren't some of those Republicans ex-law makers "daisies?" The grand jury has indicted some of them, and the bribe-seekers and bribe-takers are all trembling in their boots.

LIEUTENANT GOVERNOR WORTHINGTON says he will not declare Dr. Hunter or any one else elected U. S. Senator unless he receives seventy votes on joint ballot. If Mr. Worthington adheres to this, Dr. Hunter will not be the next Senator, and we do not believe any other Republican can muster that many votes.

THE Orange Judd Farmer places the value of farm animals in the United States at \$1,864,420,000, or \$62,139,000 less than in 1894. The heavy decline has principally been in horses and mules, and it is a difficult matter to account for it. At a recent public sale in this county a good work horse brought only \$17.50.

AND now some of the great dailies East are thrusting upon the country rumors of domestic troubles that are sure to follow ex-President Harrison should he marry Mrs. Dimmick,—an estrangement from his children. Suppose the smaller journals set a good example to the powerful organs by not only refusing to publish such reports, but by opposing, end them. Mrs. Dimmick lived too long in the White House; was too constantly in attendance upon and too faithful to the late Mrs. Harrison to ever incur the ill will or displeasure of the latter's children. Such reports fall from the pen of idle reporters, who little dream of the distress and affliction their quick imagination or love of the sensational will cause.

THE New York Herald recently, by the array of a great mass of figures and facts, showed how false was or is the Republican contention that the Wilson tariff has injured our manufacturing industries. The opposite is the truth, as the official returns show conclusively that for the ten months ending with October 31st last American-manufactured exports exceeded in value, by \$15,000,000, the exports of any like period in our history. This is a demonstrated fact, and not a theory. And, defective as the Wilson tariff is, nevertheless it has already demonstrated that, both as a revenue producer and trade extender, and consequently a labor increaser, it is the best tariff the country has ever had, remarks the Hunterdon (N. J.) Democrat.

A NOTED KENTUCKY WOMAN.

Complimentary Sketch of Mrs. Anna Marshall Cochran Who Was Born in Mason County.

(Denver (Colo.) Evening Post.)

Mrs. Anna Marshall Cochran, the Democratic candidate for County Superintendent of Schools, is probably the best known woman in her party. Her Democracy is inherited from a long line of distinguished ancestors, for she is a Kentuckian by birth and one of the famous Marshall family, members of which have for more than a century been prominent in politics and social life in that State. She was born near Maysville, Mason County, Ky., on the old family estate that is situated in one of the most charming regions of the blue grass commonwealth. Her father, Dr. Nicholas Talliaferro Marshall, was one of the most skillful physicians of his time and a man of strong intellect. His daughter was thoroughly educated in the public and private schools of the country. In early life she united with the Christian Church. She was married to Robert Lee Cochran of Natchez, Miss., in 1880, and came directly to Colorado. Mrs. Cochran spent the first years of her western life in the mountains, her husband being for some time a banker in Gunnison County. Of an unusually active nature, she took much interest in her husband's business, and proved that she was competent to successfully carry on various enterprises when illness made Mr. Cochran an invalid for months at a time. Toward the end of the eighties they moved to Denver, where Mr. Cochran engaged in the coal and stone business.

When the equal suffrage agitation began she identified herself with it and was known as a worker for woman's recognition as a citizen. After the franchise, loyal to the doctrine of Jefferson and Jackson, she formed the Woman's Democratic Club, which was instrumental in uniting the two factions of the party, and mainly through her efforts was the first woman's club to be admitted to membership in the National Association of Democratic clubs. In recognition of her work for party harmony there was a movement to give her the nomination for the legislature, but she refused to run for office. In the absence of the President of the Colorado Democratic League Mrs. Cochran as first Vice President, is at present filling that position. During the last session of the legislature she aided in getting the bill passed creating the State Home for Dependent Children and was appointed as a Democratic member of the board of control. As President she is an earnest worker in behalf of the Crittenton Home of this city. She is also a member of the Woman's Club, and has been one of the Vice Presidents of the Southern Society since its organization. Mrs. Cochran is a lady of broad education, wide business experience and unflagging energy, and is especially fitted for the duties of Superintendent of Schools, and if elected would serve the county with faithfulness and ability.

Mrs. Cochran is a niece of the late Richard Soward, of Minerva.

Gained in Strength.

CADIZ, Ky., Dec. 31, 1895.—Two years ago I had the grip, which left me in poor health. Last summer I became so weak that I could hardly walk. My friends advised me to try Hood's Sarsaparilla and I procured a bottle. I began using it and gained in flesh and health and am better than for two years. N. T. SMULLEN.

Hood's pills cure indigestion, biliousness.

Wants \$10,000 Damages.

A special from Vanceburg says: "Dr. E. Johnston, of Petersburg, was indicted at the last term of court, under the law which provides that a doctor must either have a diploma or obtain a certificate from the State Board of Health. He has practiced thirty years, and when the case was called Thursday morning Commonwealth Attorney Sallee stated that being convinced that Dr. Johnston had strictly complied with the law, he desired to enter a nolle prosequi. Dr. Johnston will now press his \$10,000 damage suit against the board."

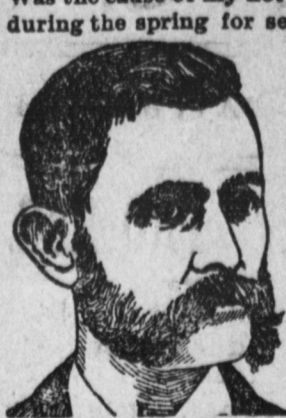

The dyspeptic carries a dreadful load on his back. It seems as if he were really made up of two men. One of them ambitious, brainy and energetic; the other sick, listless, feverish and without force. The weak man weighs the other one down. The dyspeptic may be able to do pretty good work one day, and the next day because of some little indiscretion in eating, he may be able to do nothing at all. Most cases of dyspepsia start with constipation. Constipation is the cause of nine-ninths of all human sickness. Some of its symptoms are sick and bilious headache, dizziness, sour stomach, loss of appetite, foul breath, windy belchings, heartburn, pain and distress after eating. All these are indicative of derangements of the liver, stomach and bowels, and all are caused by constipation. Dr. Pierce's Pleasant Pellets are the quickest, easiest and most certain cure for this condition. They are not violent in action.

THE INSURANCE MONOPOLY.

A Concerted Move by Fourth Class Cities to Cut the Claws of the "Combine."

FRANKFORT, January 22.—There is a strong move being made among the cities of the fourth class to have some legislation enacted to cut the claws of the insurance monopoly known as the Kentucky and Tennessee Underwriters' Association. A convention has been called to meet in this city on Tuesday, February 4, to consider this matter. A number of these cities have already appointed delegates to this convention. The City Council of this city last night instructed the Mayor to appoint the delegates from this city. A strong protest will be made against the exactions of this octopus. The parties contend that there is no reason why Kentucky should pay more for insurance than Ohio, Illinois and Indiana.

The insurance men are not idle, and have already introduced into the Legislature a bill to amend the insurance laws so that no one can go outside of Kentucky to have their insurance written. They put it on the specious plea that the State is not receiving its license from these outside companies, and are catching some suckers with this bait. They care nothing for the State's interest in this matter; it is their own gouge game which they wish to run without any redress to the general public. The rates have been outrageously increased in this city. A gentleman paid the other day over \$12 for \$500 in insurance on the same property that last year he paid a little over \$5 for.

A Few Suggestions

That may disclose a want you would like to fill this week.

Upholstery—Touch up the rooms with dainty bits. The cost will be surprisingly little, the effect tremendously big. You can have Dim. in a dozen varieties for 25 and 29c. a yard, Tapestry in exquisite colors and quality with a varied line for selection at 50c. to \$3.50 a yard, China Silks in a dozen designs for 50c., Silkolene in hues as varied as the rainbow for 10 and 12c., Japanese Gold Cloth in scarlet, yellow and green for 18c.

Fur Capes are easier to buy now than they have been since comfort and fashion have given them such vogue. Why? Because we have more Capes in stock than usual. We don't want to carry them through the coming season, and we will stand the loss if you will take the Capes away. If you are skeptical bring \$7, \$10 or \$12 and see the \$15, \$25 and \$30 Capes you can secure. Perhaps some one you know has availed of our Fur Cape reductions. If so, they can attest the genuineness of these bargains. They are not on paper, they are in fur; they are not fancy, but fact.

Seloyt, the new polishing cloth. Have you tried it? Its merits are legion. It is

economical, durable, convenient; will out-wear chamois or any wash leather, is soft and pliant, launders well and is unrivaled for silver and furniture. Any housewife who has tested its worth will never be without it. Two sizes and prices, 15 and 25c.

Corsets—We haven't every line—don't need them all—but the department is stocked with a dozen makes, each the best of its kind. Perhaps you are a new woman, and have abandoned corsets. Then we have just the particular, correct waist you need. It is made of three-ply Coutille, with removable side stays, steel front of double elasticity and double strength. No doubt you have heard of the great Health Reform Jackson Corset Waist. Its merits are unquestioned and its price, \$1, places it within the reach of all.

Remnants—Dress patterns for children; skirt lengths for women in all wool goods and short lengths of Silk and Velvets with prices cut to half. These goods have not been neglected by wise shoppers, but some choice pickings still remain for you.

D. HUNT & SON. Christmas Gifts

CHINA—Handsome Plates, beautiful Cups and Saucers, elegant Dinner and Tea Sets and all the latest novelties. Simply giving them away.

CUT GLASS—The finest American cuttings at 10 to 20 per cent. less than they can be bought for elsewhere.

LAMPS—Our stock is the largest and most complete ever brought to the city. Prices from 20c. to \$20, and every Lamp guaranteed.

With every Cup, Saucer or Plate purchased we present you with an Easel.

Death of Capt. John V. Day's Father.

The Hoboken (N. J.) Evening News, of January 13th, has the following notice of the death of Michael Day, who was the father of Captain John V. Day, of this city:

Michael Day, an old and respected resident of West Hoboken, died yesterday in St. Mary's Hospital, where he had been removed two weeks ago, when his affliction, peritonitis, assumed a serious form. Deceased was 75 years of age, a native of the County Tipperary, Ireland, and was one of the early pioneers who settled in West Hoboken in '49. He was a veteran of the Union army, engaging in the conflict from its inception to the close. His three sons enlisted also. At the close of the war he resumed his occupation as a stone mason contractor, having built some of the most prominent churches in Hudson County, among which may be mentioned the Episcopal Church on Hudson street, near Eighth street this city, the Baptist church corner Clinton avenue and Serrel streets, West Hoboken, and assisted his brother, James Day, now deceased, in the erection of St. Michael's Monastery, West Hoboken. The funeral will take place this afternoon at 3 o'clock from the Church of Our Lady of Grace.

NO SENATOR YET.

Hunter and Blackburn Still Lack a Good Many Votes—What the Legislators Are Doing.

The Senatorial contest is still the topic of absorbing interest at Frankfort. Dr. Hunter, the Republican nominee, came within one vote of winning Wednesday, and Representative Steege, a Republican, had it in his power to cast the deciding vote, but Steege wants to see fair play, and is the only Republican member who refuses to take unfair advantage of the Democrats. He has pledged himself not to vote for Hunter until the Democrats of Nelson County have an opportunity to choose a successor to the late Representative Wilson. Steege is independently rich, a man of determined character, and isn't caring a snap of his finger for the curses heaped upon him by the Hunter gang.

The ballot for Senator in joint session of the two Houses Thursday was as follows: Hunter 66, Carlisle 4, Willson 1, Bate 1, Blackburn 57, McCreary 3, Buckner 2. Messrs. Burnam and Foree were paired, Ogilvie was absent, Mr. Poor voted for Bate and Mr. Edrington voted for Blackburn.

In the House, Clark, of Warren, presented a petition of citizens of Bowling Green asking for the passage of a law prohibiting the killing of quail by trapping or netting for a period of two years.

Burnam's bill amending laws concerning gaming was called up and passed. This was the first bill passed at this session.

Grider's bill raising the "age of consent" from 12 to 18 years was called up, when Gossom, of Warren, moved to refer it back to the Committee on Criminal law, which was carried.

Carroll's bill for the protection of purchasers of incumbered or leased estates was passed.

Ex-Speaker Carroll called up the motion to reconsider the vote by which a joint resolution to give Speaker Blanford a special page was defeated a few days ago. Republicans opposed it in a body, and the result was that it was defeated—62 to 38.

The Senate met at 11 o'clock. Weisinger, of Louisville, introduced a bill amending the jury laws. It provides that druggists, depot agents and bank cashiers shall be excused from service on petit juries.

Senator Goebel introduced a bill repealing the charter of the Southern Pacific Company, a Kentucky institution operated by C. P. Huntington in the State of California. The people of the latter State have petitioned the Legislature for the repeal of the charter.

In the Senate Wednesday the following communication from Governor Bradley was read and referred to the Committee on Constitutional Provisions:

Allow me to call your attention to the fact that what is known as the "Third Court System" in Kentucky is in many instances proving a costly experiment. It may be, and doubtless is true, that in cities or in certain counties more than two terms of the Circuit Court annually are necessary, but in many of the Circuit Districts two terms each year are ample for the transaction of business. The present system, which cannot be changed save by an amendment to the Constitution, increases grand and petit jury fees and witness fees, as well as largely augments annually the number of appeals prosecuted to the Court of Appeals.

I respectfully suggest that an amendment to the Constitution be proposed to the people repealing "Section 131 of the Constitution," and leaving the regulation of terms of Circuit Courts in the discretion of the General Assembly.

Death of John Aikman.

Mr. John Aikman, the venerable father of Mr. Joseph B. Aikman, died last night at the latter's home in the West End. He was born in Virginia, but early in life came to Kentucky, and later moved to Maysville, where he was engaged in plow-making for many years. He afterwards went to Elizaville, but for a year or two has been making his home with his son in this city. He will be remembered by many of our older citizens. Had he lived until April he would have reached his ninetieth year.

A BRACKEN COUNTIAN,

I: J. M. McKnight, Who Will Be Louisville's Next Mayor—Pushing His Way to the Front.

Mr. J. M. McKnight, who will be the next Mayor of Louisville, was born in Bracken County forty years ago. His business career, which has been successful in every sense of the word, says the Courier-Journal, began in the most insignificant position in a Bracken County bank soon after he had attained his majority. Gradually working his way up, he was finally made Bank Examiner at large, serving with credit under Controllers Trenholm, Lacey and Hepburn. Some years ago he resigned his Government position to become Manager and Vice President of the Second National Bank of Louisville, remaining in this capacity for two years. He then accepted the Vice Presidency of the German National Bank. A year ago he was made President of the latter bank, and has since held this position, and was in addition elected President of the Germania Safety Vault and Trust Company a few days ago. He is a man of strong, active intellect, well poised, affable and popular.

Mrs. George Goggin, wife of Constable Goggin, fell in a well Thursday at noon at the home of the family in Washington, and had a narrow escape.

Fortunately the well is only about twelve feet deep and had but a few inches of water in it.

Some colored people saw her fall, and at once gave the alarm. A ladder was soon procured, and it required but a few minutes to remove her from the well.

An examination disclosed no broken bones, but her escape from serious injury, under the circumstances, was rather remarkable.

UNITED STATES SENATOR SELECTED.

Congressman Money Will Succeed Senator George of Mississippi.

JACKSON, Miss., Jan. 24.—Congressman H. D. Money was nominated last night by the joint Democratic caucus on the 20th ballot as United States senator to succeed the Hon. J. Z. George. The vote stood: Money, 84; Lowery, 36; Allen, 36; Hoker, 3; Yeager, 1. Necessary for a choice, 81. The nomination was then made unanimous.

In response to the cheering, Mr. Money was escorted to the speaker's stand and made a patriotic speech.

Hernando De Soto Money, who will succeed General J. Z. George in the United States senate, was born in Holmes county, Miss., Aug. 26, 1839. He is an alumnus of the law school, and was a student in the literary department of the university of Mississippi. Colonel Money was a member of Forty-fourth, Forty-fifth, Forty-sixth, Forty-seventh and Forty-eighth congresses and served with distinction in the house of representatives when he declined a re-election. In 1892 he re-entered politics and was again elected to congress, defeated Frank Burkett, the Populist candidate, by an overwhelming majority. He was again re-elected in 1894 and is now a member of the Fifty-fourth congress.

Colonel Money will take his seat in the United States senate March 4, 1899.

The ballot, as officially announced, stood: Republicans—Hunter, 66; Wilson, 1. Democrats—Blackburn, 57; McCreary, 3; Carlisle, 4; Buckner, 2.

BIBERY CASES.

The Grand Jury Recuses Without Returning Any More Indictments.

COLUMBUS, O., Jan. 24.—The Franklin county grand jury will report no further indictments for several days, but State's Attorney J. H. Dyer intimates that there are other matters before the jury involving members of the legislature which are yet to be thoroughly investigated. The partial report was made because of the illness of a member of the jury, which made it necessary to adjourn for several days.

Much matter has been presented to the jury, however, bearing upon the legislative bribery that has not yet been acted upon. All this will be taken up when the jury meets again next Monday, and the jury will devote its whole attention to a thorough investigation of the charges against members of the general assembly.

Mr. Gear was arrested in the Neil House, but was released on \$700 bond, signed by Director W. H. Williams and V. L. Weakley.

Geyer was found at his home on High street and at once employed Hon. George B. Okey as his attorney. He was released on bond.

Ex-Senator Lemuel C. Ohi was at his home in Youngstown when he heard of the indictments against him. He immediately held a conference with his attorneys, W. S. Anderson and John H. Clarke, and in company with Mr. Clarke came to this city and surrendered.

himself, not desiring to wait for any warrant to be served upon him. Senator Ohi furnished bail and said that he would appear in Columbus when wanted. He added:

"The charge that I was guilty of criminal conduct while a member of the senate or house is absolutely false, and will be shown up at the proper time."

Death of George Ryerson.

SAN DIEGO, Cal., Jan. 24.—George Ryerson, late governor of Lower California, and well known in this state and Mexico, died here yesterday morning, aged 72 years. He was a native of New Jersey, and was connected with the Ryerson family of Chicago. He had been a resident of Lower California since 1852, and owned the famous Vallecitos ranch of 30,000 acres. He leaves a widow at Ensenada. Governor Ryerson was a man of great ability and was highly esteemed by President Diaz and the late General Carlos Pacheco, secretary of the interior.

Death of a Retired Minister.

OAKLAND, Cal., Jan. 24.—Rev. F. A. Archibald, Pacific coast manager of the Union Central Life Insurance company of Cincinnati, died here yesterday. Mr. Archibald was born in New York in 1841 and has been in California nine years. For 17 years he was a Methodist minister, but was forced to retire on account of loss of voice. He was pastor of Broadway M. E. church in Cleveland and manager of the Methodist bookstore in Cincinnati. The body will be sent to Freonia, Chatuqua county, N. Y., for burial.

Almost Reduced to One-Half.

WASHINGTON, Jan. 24.—The treasury yesterday lost \$236,000 in gold coin and \$14,000 in gold bars, which left the reserve at the close of business \$50,342,556.

PREPARING FOR THE CAMPAIGN. Silver Men Will Demand Free Coinage at 16 to 1.

WASHINGTON, Jan. 24.—The Republican silver senators have signed a declaration which is intended to be used in the coming campaign as the demand which the silver men will make for a plank in the national convention.

In the preamble it is recited that the present financial system endangers the industrial prosperity of the United States, which is threatened by China and Japan as a result of the decrease in the value of silver and the difference of exchange between silver and gold-using countries.

It is therefore resolved that the signers favor the free and unlimited coinage of silver at a ratio of 16 to 1 for the purpose of obliterating this difference of exchange, which is declared to operate as a bounty on the export of products from silver-using countries to gold-using countries.

It is also resolved that they favor a tariff which shall equalize the difference in the cost of labor between this country and the countries of Europe and Asia.

It is the purpose of those who are circulating the declaration to get all the Republican silver men in congress to sign it.

Failure at Franklin.

FRANKLIN, O., Jan. 24.—The Eagle Paper company of this place has made an assignment to D. B. Anderson. The company was organized in 1893 and employed about 75 people. The total indebtedness is \$75,000. It is thought the assets will cover the liabilities.

OFFICIALLY DENIED.

Brazil Refutes the Story of Trouble With Great Britain.

LONDON, Jan. 24.—The Brazilian legation in this city has made public the following dispatch received from the Brazilian government, dated at Rio Janeiro, Jan. 22:

"The Brazilian government denies officially the reports spread in Europe during the past few days by telegrams from Rio Janeiro and New York. The relations of the Brazilian government with the minister of Great Britain are of a friendly character and the claims of Italy are in course of settlement. The cruise of the Benjamin Constant has no connection with the isle of Trinidad."

Drug House Burned.

FORT SMITH, Ark., Jan. 24.—The wholesale drug house of John Schaap was totally destroyed by fire yesterday. Loss, \$60,000; with insurance amounting to \$27,000. Two firemen were badly burned and several more were overcome by the smoke and heat.

Red Cross Still Out.

CONSTANTINOPLE, Jan. 24.—In spite of the urgent representations of the United States minister, Mr. Alexander W. Terrell, the Turkish government still hesitates to accord permission to the American Red Cross society to distribute relief to the sufferers in Anatolia.

Muscular Christianity.

The Westminster Budget tells a characteristic story of the late Rev. Peter Mackenzie of London. Many years ago, after delivering a lecture in a village near Sunderland, he was returning to his host's house along a lonely road, when he was accosted by a robber. The latter was a believer in the right of might and requested Mr. Mackenzie to turn out all the cash he had got. "Well, my dear man," replied Mr. Mackenzie, "you know I am big enough to thrash you. If it's money you want, I'll give you half a crown." The robber would not accept this very charitable offer. Mr. Mackenzie "doffed" his coat and gave him what the man is now pleased to call "a dashed good hiding." That thrashing did the man a great service, for he afterward left the paths of vice and became one of Mr. Mackenzie's many converts.

King Alphonso's Tact.

Alphonso, king of Aragon, was one day examining the different articles in his jeweler's shop in company with many ladies of his court. He had scarcely left the house when the jeweler missed a diamond of great value and ran after him, complaining of the theft. The king, not willing publicly to disgrace any of his attendants, commanded a large basin full of sand to be brought him, into which he directed each person to put in the hand clinched and to draw it out flat. By this means the diamond was left in the sand, unknown by whom.—Household Words.

ATLANTA, Jan. 24.—At Rutledge, a small town near here, Will Benton went to his father's house to take his aunt away, the aunt's character affecting the happiness of the household. They became involved in a difficulty, when the son shot the father, though not seriously. The father then caught his son and cut his throat from ear to ear.

CHARLESTON, Jan. 24.—After being out but 15 minutes the jury returned a verdict of "not guilty" in the case of Captain Samuel Hughes of the steamship Lauraga, charged with violation of the neutrality laws.

Cleveland Going to the Slope.

SAN FRANCISCO, Jan. 24.—A local paper says President Cleveland has accepted an invitation from Attorney W. W. Foote to spend part of his vacation next summer on the Pacific coast.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
